

**TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE**

**FISCAL NOTE**

**HB 1961 – SB 2171**

March 12, 2016

**SUMMARY OF BILL:** Requires voter registration forms to include only the last four digits of a voter's social security number, rather than the voter's full social security number.

**ESTIMATED FISCAL IMPACT:**

**Increase State Expenditures – \$180,000/One-Time**

**Assumptions:**

- In compliance with the Help America Vote Act (HAVA), Tennessee uses the voter's social security number as the voter's unique identifier. To maintain compliance with HAVA, the voter registration database system would have to be modified to allow for the assignment of over 3.9 million unique identifiers.
- Modifications to the voter registration database system will require one-time state expenditures estimated to be \$100,000.
- The newly created unique identifier for voters will require reprinting of voter registration applications, provisional envelopes, and absentee application request forms; the one-time increase in state expenditures is estimated to be \$80,000.
- The total one-time increase in state expenditures is estimated to be \$180,000 (\$100,000 + \$80,000).
